

Anti-Bullying Policy

At Greenhall, all children and adults are valued equally. We believe that all children have the right to an environment where they can confidently learn and grow. Bullying within Greenhall has to be considered in light of the individual due to the diversity and complexity of disability within the school. This policy applies to both children and adults.

Objectives of this Policy

This policy outlines what Greenhall will do to prevent and tackle bullying. We are committed to providing a caring, friendly and safe environment for all our children so that they can learn in a happy and secure atmosphere. We are committed to developing an anti-bullying culture whereby no bullying, including bullying between adults, adults and children or child on child, whether in person or online will be tolerated.

Our school community will:

- monitor and review our anti-bullying policy and practice on a regular basis, ensuring that all governors and staff know what the school policy is on bullying, and follow it should bullying be reported;
- support all staff to promote positive relationships to prevent bullying, and identify and tackle any bullying behaviour appropriately and promptly;
- ensure that all pupils and parents know what the school policy is on bullying, and what they should do if bullying arises (in the case of pupils, this will be as appropriate to their age / stage of development);
- reassure parents and pupils that they will be supported if bullying is reported. As a school we take bullying very seriously.
- report back to parents/carers regarding their concerns on bullying and deal promptly with complaints. Parents/ carers in turn will work with the school to uphold the anti-bullying policy.
- ensure that pupils are aware that all bullying concerns will be dealt with sensitively and effectively so that they feel safe to learn;
- support all pupils through encouraging them to develop positive personal, social and emotional skills

Definition of bullying

Bullying is 'behaviour by an individual or group, repeated over time, that intentionally hurts another individual or group either physically or emotionally'. (DfE "Preventing and Tackling Bullying", October 2014). It can take many forms and is often motivated by prejudice against particular groups. It might be motivated by actual differences between people, or perceived differences.

Bullying can happen to anyone. This policy covers all types of bullying including:

- Bullying related to race, religion or culture.
- Bullying related to SEND (Special Educational Needs or Disability).
- Bullying related to appearance or physical/mental health conditions.
- Bullying related to sexual orientation (homophobic bullying).
- Bullying of young carers, children in care or otherwise related to home circumstances.
- Sexist, sexual and transphobic bullying.
- Bullying via technology – for instance, cyber-bullying via text messages or the internet

Bullying can include: name calling, taunting, mocking, making offensive comments, kicking, hitting, taking belongings, producing offensive graffiti, gossiping, excluding people from groups, and spreading hurtful and untruthful rumours. This includes the same inappropriate and harmful behaviours expressed via digital devices (cyberbullying) such as the sending of inappropriate messages by phone, text, Instant Messenger, through

websites and social media sites and apps, and sending offensive or degrading images by mobile phone or via the internet.

It should be noted that due to the nature of our children's level of development and learning difficulties, repeated behaviours are not necessarily a form of bullying but a way in which an individual child explores their environment and makes sense of how things work. This is carefully monitored by staff and where relevant, and appropriate, an IBP is put in place (see Behaviour Policy).

Preventing, identifying and responding to bullying

As a school we have created an ethos of positive behaviour where pupils treat one another and the school staff with respect because they know that this is the right way to behave. Values of respect for staff and other pupils, an understanding of the value of education, and a clear understanding of how our actions affect others permeate the whole school environment and are reinforced by staff who set a good example.

Our school's response to bullying does not start at the point at which a child has been bullied. Our school staff act proactively to gather any information about issues between pupils which might provoke conflict, and develop strategies to prevent bullying occurring in the first place. This might involve talking to pupils about issues of difference. This will always be appropriate to the age and stage of development that the children are at.

Strategies to help prevent the occurrence of bullying behaviour

At Greenhall we will:

- ensure all staff are aware of and follow the school behaviour policy;
- create and support an inclusive environment which promotes a culture of mutual respect, consideration and care for others which will be upheld by all;
- actively provide opportunities to develop pupils' social and emotional skills, including their resilience;
- provide an 'open door' approach for pupils, staff and parents/carers to access support and report concerns;
- challenge practice which does not uphold the school's values of tolerance, non-discrimination and respect towards others;
- consider all opportunities for addressing bullying in all forms throughout the curriculum (stories, drama and role-play) including a range of additional approaches such as through displays, events, and the school council;
- regularly update and evaluate our approaches to take into account the developments of technology, and provide up-to-date advice and education to all members of the community regarding positive online behaviour;
- train all staff to identify all forms of bullying and to follow the school policy and procedures (including recording and reporting incidents);
- proactively gather and record concerns and information about bullying incidents and issues so as to effectively develop strategies to prevent bullying from occurring;
- use a variety of techniques to resolve the issues between those who bully and those who have been bullied;
- work with other agencies and the wider school community to prevent and tackle concerns;
- celebrate success and achievements to promote and build a positive school ethos.

Involvement of pupils

We will, as appropriate to the children's age and stage of development:

- regularly gather the children's views on the extent and nature of bullying;
- ensure that all pupils know how to express worries and anxieties about bullying;

- ensure that all pupils are aware of the range of sanctions which may be applied against those engaging in bullying;
- involve pupils in anti-bullying campaigns in schools and embedded messages in the wider school curriculum (appropriate to their age and stage);
- offer support to pupils who have been bullied and to those who are bullying in order to address the problems they have.

Liaison with parents and carers

We will:

- make sure that key information about bullying (including policies and named points of contact if parents are worried) is available to parents/carers e.g. website, newsletter;
- ensure all parents/carers know about our complaints procedure and how to use it effectively;
- ensure all parents/carers know where to access independent advice about bullying;
- work with all parents/carers and the local community to address issues beyond the school gates that may give rise to bullying;
- ensure that parents work with the school to role model positive behaviour for pupils.

Supporting Pupils

All support will be appropriate to the individual needs and age and stage of development of our pupils.

The first priority will be to support the victim.

Pupils who have been bullied will be supported by:

- Offering an immediate opportunity to discuss the experience with their teacher or a member of staff of their choice;
- Reassuring the pupil and providing continuous support to ensure they feel safe;
- Helped to develop strategies to prevent re-occurrence;
- Restoring self-esteem and confidence.

Pupils who have bullied will be helped by:

- Discussing what happened and establishing the concern, developing an understanding of the impact of their actions on the victim, and helping them understand that what they have done is wrong and that they need to change their behaviour;
- Informing parents/carers to help change the attitude and behaviour of the child;
- Providing appropriate education and support;
- Sanctioning in line with school behaviour policy. In extreme cases, as a final resort, a formal exclusion process may be instigated.

Supporting Adults

Adults (staff and parents) who have been bullied or affected will be supported by:

- Offering an immediate opportunity to discuss the concern with a senior member of staff / head teacher;
- Being advised to keep a record of the bullying as evidence;
- Where the bullying takes place outside of the school site then the school will ensure that the concern is investigated and that appropriate action is taken in accordance with the schools behaviour and discipline policy or staff code of conduct;
- Reassuring and offering appropriate support;
- Working with the wider community and local/national organisations to provide further or specialist advice and guidance.

Adults (staff and parents) who have bullied will be helped by:

- Discussing what happened with a senior member of staff and establishing the concern;
- Clarifying the schools official procedures for complaints or concerns;
- If online, requesting content be removed and / or reporting account/content to service provider;
- Instigating disciplinary action, if appropriate.
