

## **Pupil Premium Report: Academic year 2017-18**

### **Background**

The pupil premium grant is additional funding for publicly funded schools in England. The grant supports two policies:

- raising the attainment of disadvantaged pupils of all abilities to reach their potential
- supporting children and young people with parents in the regular armed forces

Simply spending more on children from less affluent backgrounds, however, will not necessarily improve their learning or their aspirations. There is no direct link between spending on schools and outcomes for pupils. Extensive research in this area shows that it is a complex issue, indicating that the way the money is spent is crucial. So if the Pupil Premium is to succeed in achieving its ambitious goals, the choices that schools make in allocating the money will be vital so that the funding can help raise pupils' attainment and aspirations.

The Governing body is responsible for accounting for the impact of the Pupil Premium and it is a requirement to report publicly on the deployment and impact of this funding.

The grant may be spent in the following ways:

- for the purposes of the school, that is for the educational benefit of pupils registered at that school
- for the benefit of pupils registered at other maintained schools or academies
- on community facilities; for example, services whose provision furthers any charitable purpose for the benefit of pupils at the school or their families, or people who live or work in the locality in which the school is situated

The grant does not have to be completely spent by schools in the financial year beginning 1 April, some or all of it may be carried forward to future financial years.

### **Our Nursery**

Greenhall is a Special Nursery for 2-5 year olds with physical disabilities / difficulties and allied needs. Many children start with us on assessment placements and children are placed by the local authority throughout the academic year. We currently have 17 pupils on roll. 11.7% of the current population are currently registered for income based Free School Meals (FSM). Pupil premium is provided for children of Reception age and above. The fact that children usually transition on from us at the end of their reception year means that there is a void between children leaving us and funding allocation. Thus, we apply the following principles to our allocation of pupil premium.

**Principles:**

At Greenhall...

- We ensure that teaching and learning opportunities meet the needs of all of the pupils.
- We ensure that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed
- In making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged
- We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. We reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.
- Pupil premium funding will be allocated following a needs analysis which will identify priority groups or individuals. All interventions are needs-driven.

**Provision**

- Needs-led and child-centred with a personalised approach to meet needs of individuals
- Acquiring & effectively utilising resources aimed at raising standards, particularly in the prime areas of learning (Physical, Communication & language, PSED)
- All our work through the pupil premium will be aimed at accelerating progress
- We will publish information on how we have used our Pupil Premium Grant to address the issue of 'narrowing the gap', for socially disadvantaged pupils
